

Safety Data Sheet

Full Spectrum Distillate

SECTION 1: Identification

1.1 Product identifier

Product Full Spectrum Distillate

1.2 Supplier's details

Name Everything Diesel, Inc.

Address 499 Enterprise St., Hayden, Colorado, 81639

Telephone (970) 761-5186

1.3 Emergency telephone (970) 761-5186

SECTION 2: Hazard Identification

2.1 Classification of the substance or mixture

Not a hazardous substance or mixture.

2.2 GHS label elements, including precautionary statements

Not a hazardous substance or mixture.

Does not require pictograms, signal words, hazard statements, or precautionary statements

2.3 Hazards not otherwise classified (HNOC) or not covered by GHS - none

SECTION 3: Composition/Information on Ingredients

3.1 Substances

Ingredients: Cannabidiol, other minor cannabinoids EC #: Not established % wt.: >99.9%

Chemical Formula: C₁₂H₃₀O₂ Molecular Weight: 314.469 g/mol

Hazardous components

Not a hazardous substance or mixture.

SECTION 4: First-Aid Measures

4.1 Description of necessary first-aid measures

General advice Move out of dangerous area.

If inhaled If inhaled, move person into fresh air. If not breathing, give artificial respiration. Get immediate medical attention

In case of skin contact Wash off with soap and plenty of water for at least 15 minutes.

In case of eye contact Flush eyes with water for at least 15 minutes.

If swallowed Rinse mouth thoroughly with water, as needed. If person is unconscious, do not give them anything by mouth.

4.2. Most important symptoms/effects, acute and delayed

The most important known symptoms and effects are described in The labelling (see section 2.2) and/or in section 11.

4.3 Indication of immediate medical attention and special treatment needed, if necessary

No data available

Safety Data Sheet

SECTION 5: Fire-fighting measures

5.1 Suitable extinguishing media

Use water spray, alcohol-resistant foam, dry chemical, or carbon dioxide.

5.2 Specific hazards arising from the chemical

Carbon Dioxides.

5.3 Special protective actions for fire-fighters

Wear self-contained breathing apparatus for firefighting if necessary.

Further information

No Data Available.

SECTION 6: Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures

Ventilate area of leak or spill. Remove all sources of ignition. Avoid dust formation and avoid breathing vapors, mist or gas. For personal protection see section 8.

6.2 Environmental precautions

Do not let product enter drains.

6.3 Methods and materials for containment and cleaning up

Contain and recover liquid or powder when possible. Do not flush to sewer. Keep in suitable, closed chemical containers for disposal.

SECTION 7: Handling and storage

7.1 Precautions for safe handling

Provide appropriate exhaust ventilation at places where dust is formed. Normal measures for preventative fire protection. For precautions see section 2.2.

7.2 Conditions for safe storage, including any incompatibilities

Keep container tightly closed in a dry and well-ventilated place. Store at controlled room temperature. Laboratory: Wear appropriate impervious gloves, lab coat, and safety glasses. Impervious overalls should be worn during operations where significant skin contact is a possibility. Clean work surfaces daily.

Solutions Handling: Solutions can be handled without local exhaust ventilation during procedures with low potential for aerosolization. If procedures have a high potential for aerosolization, they should be conducted in a laboratory hood, or an appropriate NIOSH-certified respirator should be worn by personnel in area.

SECTION 8: Exposure controls/personal protection

8.1 Control parameters

Contains no substances with occupational exposure limit values.

8.2 Appropriate engineering controls

General industrial hygiene practice.

8.3 Individual protection measures, such as personal protective equipment (PPE)

Safety Data Sheet

Eye/face protection

Use equipment for eye protection tested and approved under appropriate government standards such as NIOSH (US) or EN 166(EU).

Skin protection

Handle with gloves. Gloves must be inspected prior to use. Use proper glove removal technique (without touching glove's outer surface) to avoid skin contact with this product. Dispose of contaminated gloves after use in accordance with applicable laws and good laboratory practices. Wash and dry hands.

Full/Splash Contact:

Materials: Nitrile rubber

Minimum layer thickness: 0.11 mm Break through time: 480 min

Body protection

Impervious clothing. The type of protective equipment must be selected according to the concentration and amount of the dangerous substance at the specific workplace.

Respiratory protection

Respiratory protection not required. For nuisance exposures use type OV/AG (US) or type ABEK (EN 14387) respirator cartridges as a backup to engineering controls. Use respirators and components tested and approved under appropriate government standards such as NIOSH (US) or CEN (EU).

Environmental exposure controls

Do not let product enter drains.

SECTION 9: Physical and chemical properties

Information on basic physical and chemical properties

Appearance/form	Amber colored oil
Odor	Natural terpene odor
Odor threshold	No data available
pH	No data available
Melting Point	156 °F (69°C)
Initial boiling point and boiling range	No data available
Flash point	No data available
Evaporation rate	No data available
Flammability (solid, gas)	No data available
Upper/lower flammability or explosive limits	No data available
Vapor pressure	No data available
Vapor density	No data available
Relative density	No data available
Solubility	No data available
Partition coefficient: n-octanol/water	No data available
Auto-ignition temperature	No data available

Safety Data Sheet

Decomposition temperature
Viscosity
Explosive properties
Oxidizing properties

No data available
No data available
No data available
No data available

SECTION 10: Stability and reactivity

10.1 Reactivity

No data available.

10.2 Chemical stability

Stable under recommended storage conditions (normal temperatures & pressures).

10.3 Possibility of hazardous reactions

No data available.

10.4 Conditions to avoid

Avoid light, flames, sparks, and other sources of ignition.

10.5 Incompatible materials

Strong oxidizing agents.

10.6 Hazardous decomposition products

Hazardous decomposition products formed under fire conditions - Carbon Oxides.

Other decomposition products - No data available

In the event of fire: see section 5

SECTION 11: Toxicological information

Information on toxicological effects

Acute toxicity

Inhalation: no data available

Dermal: no data available

LD50 Intravenous - mouse - 50 mg/kg

Skin corrosion/irritation

No data available.

Serious eye damage/irritation

No data available.

Respiratory or skin sensitization

No data available.

Germ cell mutagenicity

No data available.

Carcinogenicity

IARC: No component of this product present at levels greater than or equal to 0.1% is identified as prob- able, possible or confirmed human carcinogen by IARC.

Safety Data Sheet

ACGIH: No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by ACGIH.

NTP: No component of this product present at levels greater than or equal to 0.1% is identified as a known or anticipated carcinogen by NTP.

OSHA: No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by OSHA.

Reproductive toxicity
No data available.

STOT-single exposure
No data available.
STOT-repeated exposure
No data available.

Aspiration hazard
No data available.

Additional information
RTECS: VH1600000
To the best of our knowledge, the chemical, physical, and toxicological properties have not been thoroughly investigated.
Stomach - Irregularities - Based on Human Evidence
Stomach - Irregularities - Based on Human Evidence

SECTION 12: Ecological information

Persistence and degradability
No data available.

Bio accumulative potential
No data available.

Mobility in soil
No data available.

Results of PBT and vPvB assessment
PBT/vPvB assessment not available as chemical safety assessment not required/not conducted

Other adverse effects
Very toxic to aquatic life.

SECTION 13: Disposal considerations

Disposal of the product

Safety Data Sheet

Chemical waste generators must determine whether a discarded chemical is classified as a hazardous waste. Chemical waste generators must also consult local, state, and national hazardous waste regulations to ensure complete accurate classification.

SECTION 14: Transport information

DOT (US)

Not dangerous goods

IMDG

Not dangerous goods

IATA

Not dangerous goods

SECTION 15: Regulatory information

SARA 302 Components

No chemicals in this material are subject to the reporting requirements of SARA Title III, Section 302.

SARA 311/312 Hazards

Chronic Health Hazard

SARA 313 Components

SARA 313: This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 313.

OSHA Regulations: Not harmful Massachusetts Right to Know

No components are subject to the Massachusetts Right to Know Act.

Pennsylvania Right to Know

Cannabidiol (CAS-No. 13956-29-1)

New Jersey Right to Know

Cannabidiol (CAS-No. 13956-29-1)

California Prop. 65 Components

This product does not contain any chemicals known to the State of California to cause cancer, birth defects, or any other reproductive harm.

HMIS Rating

Health 0

Flammability 0

Physical hazard 0

Personal protection 0

NFPA Rating

Health hazard 0

Safety Data Sheet

Fire hazard 0
Reactivity hazard 0
Special hazard 0

SECTION 16: Further information/disclaimer

DISCLAIMER: The information above is believed to be accurate and represents the best information currently available to us. However, we make no warranty of merchantability or any other warranty, express or implied, with respect to such information, and we assume no liability resulting from its use. Users should make their own investigation to determine the suitability of information for their particular purposes. In no event shall Everything Diesel, Inc. be liable for any claims, losses, or damages of any third party or for lost profits or any special, indirect, incidental, consequential or exemplary damages, whatsoever arising, even if Everything Diesel, Inc. has been advised of the possibility of such damages. Employers should use this information only as a supplement to other information gathered by them and should make independent judgement of suitability of this information.
